"Thrifty Summer Sippers".....

Selbach-Oster  
2004 Riesling-Kabinett

"Forget all you thought you knew about Riesling--probably some horrible \$4 syrupy concoction from California's Central Valley--and grab a bottle of this charmer. It's light and fresh but with a big, intense fruity mouth-feel, and, at just 9% alcohol it won't interfere with your afternoon tennis game."

Hofer  
2004 Gruner Veltliner

"While the producer might economize on the packaging, the wine inside is superb. Fresh and light with just the right amount of GV's hallmark aromatic accents, it represents a super summer bargain."
