

# Nikolaihof Wachau

This 'Hefeabzug' is made from 100% biodynamic Gruner Veltliner fruit from the heart of the Wachau region in Austria. This is the rich, delicious bottling that has become a Nikolaihof icon; never racked, and re-olent of sweet lees and fresh oysters; this is slimmer of course than the '06, but it's peony all the way; white lilac, less toasty, with more winsome aromas.
