

# Stickleback White

Verdelho 35%, Semillon 24%, Viognier 23%, Pinot Gris 18%

The winery harvests and crushes each varietal separately. All wines are cool-fermented in stainless steel with no oak contact, blended after aging, and bottled early to retain maximum freshness. The '08 Stickleback White has flashes of lime and Meyer lemon zest; hints of gooseberry, peach and passionfruit.
