

2008

**GRUNER VELTLINER
GOBELSBURGER**
FROM SCHLOSS
GOBELSBURG

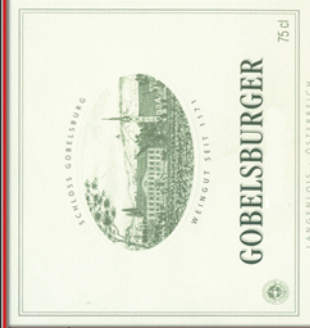

The 2008 Gruner Veltliner "Gobelsburger" from Schloss Gobelsburg represents an excellent value!! Cool, minty, lime, and tea-like aromas lead to a juicy, bright, faintly bittersweet palate. The fruit is grown in soils of volcanic sandstone, mica slate, and alpine gravel lending a distinctively salty, pungent sense of minerality.
